## About This Game

### STORY:

Eldest son and heir of an old European noble wizard family, you have been raised in wealth and privilege. Now you want the chance for a fresh start. That was why you chose to become an exchange student in the distant land of Vermont, in the United States of America. There, you will attend Iris Academy, a school of pentachromatic magic, and study alongside other wizards and witches. Perhaps then you can meet people who like you for yourself.

As a student wizard, you will learn new spells, face puzzles and monsters in the school dungeons, join clubs, run for class office, fight duels, investigate ghosts, outwit demons, and try to find a date for the May Day Ball. But keeping secrets isn't always easy.

Trust the wrong person, and you could lose your honor, your life, or even your soul...
